To the Steering Committee for the Tamil Community Centre project

**RE: The construction of a long overdue cultural and recreational hub for Tamil-Canadians in Scarborough**

Dear Committee,

I've noted with great optimism that momentum in the Tamil-Canadian community and the broader public to work collaboratively towards the construction of a community centre for Tamil-Canadians is building.

I want to let you know that I share the passion of yourself and your colleagues for this project. I would like to join with you all in your coming work and advocacy, and believe that a cultural and recreational hub in Scarborough would be a positive boon for the community as a whole.

With an important and eventful federal election well on its way I believe this is an opportune time for Scarborough leaders to come together to unite for proper advocacy on this important file.

I look forward to working together and on next steps, please let me know how I can show my support and please accept my warm regards and best wishes.

Sincerely,

Jennifer McKelvie
